

BEFORE THE
POSTAL REGULATORY COMMISSION
WASHINGTON, D.C. 20268-0001

LARGE-SIZE FIRST-CLASS MAIL PRESORT
POSTCARD

Docket No. MC2021-104

COMMENTS OF THE NATIONAL POSTAL POLICY COUNCIL

(July 6, 2021)

The National Postal Policy Council respectfully supports the Postal Service's Notice of Update to the Maximum Size Limit for Presorted First-Class Mail Postcards.

The Postal Service proposes to increase the maximum permissible size of Presorted First-Class Mail postcards to 9 inches by 6 inches. NPPC members were among the mailers urging the Postal Service to allow postcards of this size within the Presorted Postcard product. NPPC appreciates the Postal Service's receptivity and outreach and urges the Commission to approve this change.

NPPC also requests the Postal Service to clarify, in its final implementing rules, that residual postcards from automation mailings may be mailed at single piece postcard rates. Although the Notice does not address this matter, the

Postal Service has informally advised NPPC members that residual postcards from automation mailings should be mailable at the single piece postcard rate.

Respectfully submitted,

Arthur B. Sackler
Executive Director
